KENTUCKY WESLEYAN.

Something of the History of a Leading College of Kentucky. Church College Day was observed a

the M. E. Church, South, in this city last Sunday in the annual sermon by Dr. E. H. Pearce, President of Kentucky Wesleyan College at Winchester

The corporational foundation of Wes-leyan was given in 1793, in the founding and charter of Bethel Academy in Jessa-mine county. This corporation expanded into Augusta College at Augusta Ky., 1821-1841, thence through Transyl vania at Lexington, Millersburg and nov at Winchester since 1890.

The relocation at Winchester has brought new life and outlook to the College. Two new Academy properties, as part of the College system, have been secured to the College in the past two years, the total academic and collegiate enrollment the past year, under the one system, being 384—the largest in College history, save one in 1847 when the me triculation was 455, under the Presidenc

of Dr. Bascom at Lexington.

A notable characteristic of Kent Wesleyan is that whilst under the aus pices of the Methodist Church its thorough work and unsectarian character gives it growing patronage from all the leading denominations of Kentucky and the South.

The State Railroad Commission has finished its assessment of the railway mileage in Kentucky.

The total assessment amounts to \$43.

550,876, as against \$49,429 876 in 1896.

The apparent decrease is due to the fact that the Commission has not as essed the big Ohio River bridges used for other than railroad purposes, leaving his work to the County Assessors and State Board of Valuation.

Adding these and the increase on depo property, etc., makes the aggregate exceed last year's valuation by \$250,000
